This is an agreement between the Securities and Exchange Commission of the United States (SEC) and the Internet Multicasting Service (IMS), a non-profit corporation doing business in Washington, D.C. and incorporated in the State of Delaware.

IMS agrees to loan to the SEC the attached list of computing equipment as part of our offer to assist the SEC in a transition effort to move the Internet EDGAR service from IMS to the SEC. The SEC agrees to promptly return the equipment upon written request with 5 business days notice. IMS will assist the SEC with system administration and network administration functions on an as-available basis. SEC will have full control over the content of this machine as visible from the Internet. There will be no charge for this service and both parties agree that this is not a contract and that the agreement may be terminated at any time.
